

# ABA THERAPY

*In-home, center-based and community-based ABA services for young children, teens and adults in the Portland Metro Area.*

*Providing quality evidence-based behavior therapies based on the principles of ABA.*

Fully licensed and credentialed behavior analysts that provide Applied Behavior Analytic (ABA) therapy for individuals diagnosed with autism and other developmental disorders.

*Meet our Clinical Director*

## Judi VanDyck, BCBA, LBA

Judi VanDyck, decided to switch careers and become a Board Certified Behavior Analyst (BCBA) after she saw the positive impact it had on her child who was diagnosed with autism.

She works with all ages but specializes in working with adolescents and young adults. She is also passionate about, and has direct experience working with, clients that identify as LGBTQIA, minorities and multicultural families.

As a BCBA, she treats each client with dignity, compassion and respect. She also collaborates effortlessly with her client's families and other providers to ensure they receive all the support they require.

*We accept most insurances (private and Medicaid) as well as private pay clients.*

## Why Choose EQC Behavior Services

Our goal is to promote independence, and we do this by teaching individuals with autism and other related diagnoses functional skills to help them live a fruitful and rewarding life.

Some of the targeted behaviors include skill acquisition in Executive Functioning, Functional Communication, Social Interaction and Cognition; and maladaptive behavior reduction like aggression, self-injurious behavior, emotional dysfunction and socially disruptive behaviors.

Our services are based on the principles of applied behavior analysis (ABA) and Positive Behavior Support (PBS), which include:

- **1-on-1 ABA Therapy**
- **Early Learner Readiness Program**
- **Social Skills Groups**
- **Educational Support**
- **Parent Training**

Our treatment Plans are developed by Board Certified Behavior Analysts (BCBA®) and implemented by behavior interventionists under the direct supervision of the BCBA.

*Proud to be a division of*

**ESSENTIAL QUALITY CARE**
