

ADULT CARE

Personal and dependable care-giving services for adults

We care for you like you were our family

At EQC Home Care we provide your medical support needs in the comfort of your home. Our in-home care staff members work with you one-on-one, so you can build a trusting, personal relationship with your caregiver.

ESSENTIAL QUALITY CARE

Personalized adult care services for residents living in Multnomah, Clackamas and Washington Counties.

At Essential Quality Care, our services aren't limited to individuals who require indefinite care, we also care for those who are recovering at home or families that need respite care. However complex your needs are, our professional and dependable staff has the expertise to create the appropriate plan for you.

Essential Quality Care will pair you with a staff member or a team who can meet your needs, whether for medical or non-medical care.

Medical Care-giving Services include:

- Medication management
- Nursing care
- 24-hour care
- Medication administration
- Post injury and surgery care

Non-medical Care-giving Services include:

- Healthy meal planning
- Personal care
- Transportation services
- Housekeeping
- Errands
- And much more!

Our process starts with an in-person consultation and then we create a custom plan for your needs, goals, and budget.
