

NURSING SERVICES

Reliable and quality care for clients of all ages and requirements

We serve you with empathy and understanding

At EQC Home Care we aim to care for our patients to help them function to their highest level. You trust us with your well-being and we treat you as if you were our family.

ESSENTIAL QUALITY CARE

Personalized in-home nursing services for residents living in Multnomah, Clackamas and Washington Counties.

At Essential Quality Care home care, we provide your medical needs in the comfort of your home. Our in-home care staff members work with you one-on-one, so you can build a trusting, personal relationship with your caregiver. With each and every interaction, we want you to feel like family.

At EQC Home Care, we believe that reliable and quality care can be done without sacrificing affordability.

We provide personalized services that are tailored for all ages and requirements, including:

- Senior care for independent living
- Elder care with medication management
- Personalized care for medically complex individuals
- Activity support for disabled individuals
- Nursing care for fragile children and infants
- Attentive care for injured patients recovering at home

Our in-home nursing care services range from intensive 24/7 care and daily assistance to regular home visits, travel support and medication reminders. Our process starts with an in-person consultation and then we create a custom plan for your needs, goals, and budget.
