

ESSENTIAL QUALITY CARE

We Are Your In-Home Care Team

At EQC Home Care we provide our clients with medical support services in the comfort of their home. Our in-home care staff members work one-on-one to build a trusting, personal relationship with their clients and primary care providers.

With every interaction we want our clients to feel essential and to get the care that their unique situation demands.

Who We Serve

Seniors

We help seniors live safely in the comfort of their homes while maintaining a healthy way of living.

Children

We offer comprehensive services for children with chronic conditions and behavioral needs.

Adults

We support adults with medical conditions or recovering at home with personalized care.

Our home care provides personalized care in a familiar and comfortable environment, promotes independence and improves quality of life. We're proud to offer a wide range of both medical and non-medical support services that help our clients thrive in the comfort of their own homes.

Medical Services include

- Medication management
- Private duty nursing care
- Delegation nursing services
- Occupational therapy
- Fall prevention & management
- Dementia care
- ABA therapy and social skills training
- Post injury and surgery care
- Adaptive equipment recommendations

Non-medical Services include:

- Meal planning and preparation
- Personal care and assistance
- Housekeeping & errands
- Grooming and hygiene support
- Respite care for primary caregivers
- Caregiver training for family members
- Mobility assistance

Services We Provide

We collaborate with primary care providers, physicians and caseworkers to provide our clients with holistic healthcare services in their homes. With over 18 years of experience treating residents in the Portland metro area, our specialists are trained to provide anyone from infants to the elderly with exceptional, family-focused care.

Caregiving

We provide a variety of caregiving services for those who want to live independently but would like support. Our staff members work with you one-on-one to help build a trusting, personal patient-caregiver relationship.

Nursing

Our in-home nursing care services range from intensive 24/7 care and daily assistance to regular home visits, travel support and medication reminders.

Occupational Therapy

We provide evidence-based and personalized occupational therapy assessments, therapies and treatments tailored to our clients and their families' needs

Behavior Services

We have fully licensed and credentialed behavior analysts that provide In-home, center-based and community-based ABA services for young children, teens and adults

Medication Management

We offer support and management in administering medication allows you to live with confidence that you are following your doctor's orders. We can even attend doctor's appointments with you.

Personalized in-home care services for residents living in Multnomah, Clackamas and Washington Counties.

At Essential Quality Care, our caregivers and medical professionals go through a stringent hiring process to ensure they are qualified and represent our values. Our goal is to help our clients maintain a healthy lifestyle and give their families peace of mind that they're being cared for.

We believe that reliable and quality care can be done without sacrificing affordability. Our process starts with an in-person consultation and then we create a custom plan for our clients' needs, goals, and budget.
